From Auburn they will bike to Eskridge, Harveyville, Burlingame, Scranton, Overbrook, Lake Shawnee finally finishing at the KCADP office located at 3rd & Kansas Ave.

"Forty years following my father's murder I am still working for repeal of the death penalty in Kansas. I know first-hand that capital punishment will not bring solace or closure to murder victim family members. Rather, I believe this method of retribution only hardens affected families and perpetuates an endless cycle of suffering." ~ Bill Lucero
