

Help repeal the death penalty in Kansas!

There are two bills currently introduced in the Kansas Legislature that would replace the death penalty with a sentence of life without parole: Senate Bill 126 and House Bill 2397. **Urge your state senator and representative to support these bills**, and make sure that they are passed during the 2014 legislative session! Visit www.kslegislature.org to find the contact information for your legislators.

Spread the word! Encourage others to learn more and take action. Write a letter to the editor in your local newspaper. Bring this important conversation to your faith community, civic group, or organization.

Are you a member of the Kansas Coalition Against the Death Penalty? It's free to sign up! Visit www.ksabolition.org to sign up for actions alerts and for current events, important news, and opportunities to help!
